The Mason LINE

by Chan Mason

We attended a testimonial dinner last week honoring Bob Kirkpatrick, elder statesman of La Mesa. Some one-hundred and fifty friends were in attendance.

We like the story told by one of his brothers about Bob and four of his friends who were moving a small chicken house. After struggling for some time, one of his friends called out, "Hey Bob, where the heck are you?"

"I'm in here holding up the roosts," says Bob.

—ML—

We can't help but risk one little ole tiny observation about the McCarthy-Stevens hearing. "Why all the hullaballoo about the cost to us taxpayers of the thing?" Didya ever read the Congressional Record?

—ML—

Have you noticed recently how tough it is to stick to your gardening when you dig up such juicy fishing worms?

—ML—

This swimming pool carnival is really taking hold. The parade at 7:00 p.m. Friday, May 14 is really going to be something our town will long remember. The L. G. Junior Woman's Club has lined up something like seven top bands, numerous marching units, Army and Marine contingents—We'll bet it will be a mile long, no fooling!

Best part of the whole affair is the wonderful cooperation the entire committee is getting. Fine thing for our town we'd say.

Buy a mess of those dime scrip tickets. You'll get a dime's worth of value from each and we'll all be just that much closer to a swimming pool. You can't beat that for real value.

—ML—

The Swimming Pool Carnival has attracted so much attention, even in dowtown San Diego, that some of the ladies who are working on committees have been invited to appear on television Wednesday via KFMB-tv.

The ladies will appear on the Smokey Rogers Show and will be permitted to tell the story of the pool project.

KFMB, marking it's 5th anniversary will present programs concerning the county area all week long.

The Dimmer VIEW

by Max Goodwin

One of my friends, Norman F. Lighthart by name, accuses me, in the direct fashion he displays, of having no sense of humor.

I submit that, in spite of the jaundiced attitude I take under the self explanitory heading of this column, certain happenings in our community and in the world have a titillatory effect upon me during my less morose moments. One such occurrence even came last week to Mr. Lighthart and an associate of his, Oral Carpenter, the man who builds many of the high schools hereabouts. They told the startling story to me regarding an encounter they had with a "6 ft." rattlesnake in the Mt. Helix-Homelands area. I handled the story as straight news but I chortled inwardly as the stalwart twosome described, with proper hand accents, the brave action in which they tore a branch from an orange tree and "brushed" this reptile into submission. Nor did I embarrass the virile team by inquiring whether the encounter with the snake was inside or outside the local bar.

Like I stated, I ran this item thru as straight news, thus subordinating my sense of humor. But do not be mislead into believing that I think all that happens is dire and that life is grim.

Some of the items which crossed my view during the past few days affording me some amusement and helping me to prove my point are reprinted here:—

Harry Martin, with whom I formerly worked on the Cincinnati Enquirer, sent me a clip from that estimable publication. This is as it appeared therein:

Young man, traveling through the Kentucky mountain, saw an aged mountaineer splitting wood beside the roadside upon a very hot day.

"Pretty hot for that, isn't it pop?"

"Wouldn't allow to that, young spriggins. Choppin' wood sunup to sundown eases a man's aches."

"How old are you pop?"

"Be 87, spriggins. Be quitting early today to shine up for a wedding tonight."

"Whose wedding, pop, a grandson's?"

"Nope, spriggins, 'taint a grandson's. My pop's bein' wedded."

"Your father? How old is he?"

"Be 110, spriggins."

"Why in the world does he want to be married?"

"Doesn't want to, spriggins, Has to."

'Not Guilty' Says Bulen of Kick-Back Charge

"If dishonesty had been my intent, I would not have accepted money from Mrs. Longfellow by check."

That is what Assemblyman Ed Bulen said to the Review last week by telephone after he had been charged with splitting the state-paid secretarial fund between Eben Longfellow of Escondido and Mrs. Bulen.

Bulen said that his wife did most of the work and the agreement to have the secretarial fund paid by one check was an effort on his part to avoid the work of duplicating pay-checks.

District Attorney Don Keller said that he was investigating the action to see whether or not Bulen's act was illegal.

Bulen acknowledged that Mrs. Longfellow shared her salary with Mrs. Bulen with Mrs. Bulen serving as a receptionist in the Assemblyman's San Diego office where Mrs. Longfellow worked as a stenographer.

The amount involved is $150 a month which is allowed legislators for secretarial help. The money was paid by the State to Mrs. Longfellow.

Bulen said that the charge was made long after Mrs. Longfellow was separated from Bulen's office. He said it all started when he and Mr. Longfellow disagreed on some work Longfellow had done on Bulen's ranch.

Meanwhile, at least two of the three aspirants for Assembly in the 77th District are jumping on the charges with both feet. John B. Gibson, Republican candidate for the Assembly, said, "It is incomprehensible that Bulen could become involved in such an affair. I can't understand how he could permit suspicion, not to mention the act, to give birth to these charges." Gibson said that he would continue to run on a platform of business integrity.

Sheridan Hegland, Democratic aspirant, charged that the activity was an intra-party smear and added that he would not indulge in smear tactics. That statement was made as he was smearing the Republican Party. Barbara Lang Hayes, Democratic aspirant, did not comment.

Bulen has asked that the Legislative Counsel hand down a decision on the legality of the fee splitting. All four candidates for the Assembly are scheduled to appear at a panel meeting at the Kiwanis Club Wednesday, May 12, in the Youth Center. It is expected that the Bulen affair and other questions will be asked the panel.

From a recent issue of Time Magazine this little gem tickled me:

In Merlden, Conn., Gordon A. Sanderson, 31, nabbed after police found him peeping in the windows of houses on Gilbert Road, protested that he was considering moving into the area and just wanted to make sure that his neighbors would be "quiet, decent people."

Henry Goldy, boniface of Michael's, submitted this poetry (?) which I thought amusing:

"There's the wonderful love of a
beautiful maid,
And the love of a staunch
true man,
And the love of a baby that's
unafraid,
All have existed since time
began,
But the greatest of loves—the
most wonderful love,
Even greater than that of a
mother,
Is the tender, infinite, passionate
love,
Of one dead drunk for another.

Then another Time Magazine squib pleased my sense of humor:

In Baltimore, seeking the Republican nomination for governor, Tim Bright defined what he meant by "100% prosperity": "Chicken legs raining around this state like a snowstorm in Chicago . . . turkey gravy dripping . . . like Niagara Falls . . . porterhouse steaks for breakfast," then sat down with his audience to a supper of frankfurters and lemonade.

And finally the editor of a syndicated advice-and-prediction column confided to me and other publishers recently that he got a question he couldn't answer. A worried wife asked him for advice and guidance with this question. "Advise me at once if my husband is as unfaithful to me as I am to him!"

So you can see for yourself that I am not really as dour an old goat as my friends oftimes represent me to be.

VOCAL CONCERT SET FOR TONIGHT

A vocal concert will be held in the Junior High Auditorium Thursday night, May 6, at 8 o'clock.

THREE MAIN ITEMS ON SCHOOL BOARD AGENDA

Next meeting of the Lemon Grove School District Board of Trustees will be held on Monday evening, 7:30, at the district offices on Acacia St. The agenda will include consideration of (1) plan preparation for the five classroom projects in the district, (2) insurance and a progress report on the education center, and (3) preliminary budget.

Also to be discussed are roofing bids, the rough draft of the board policies and procedures outline, and the teacher delegate to the NEA convention.

Open to the public, the meeting is attended by interested local citizens as well as Lemon Grove educators.

MASON COPIED IN L.A. TIMES

One of our favorite columnists, Chan Mason, who writes in the Review under the heading of The Mason Line, had part of his column picked up this week in the Los Angeles Times in the "Home Town Flavor" department, which is compiled by Kerwin Hoover.

In case some of you can't recall Chan's item of two weeks ago, it had to do with the housewife who could not get in a telephone call because it was a party line on which two other women were talking. The story told how this smart chick waited for a pause in the conversation and then said "Well, goodbye," and the other conversationalists hung up.

Over My Shoulder

By A. F. "TONY" SONKA

In previous installments of this history of Lemon Grove, Mrs. Cronquist told us of the formation of the Forward Club and later took us to the time when the Indians lived in this area.

This week's installment follows:

Part Three

There is a period of many years in these very early days about which nothing much is written of the district now known as Lemon Grove. The Indians must have been here, because, in later years, but before 1880, the Guatay Indians were camped about two miles away.

At about this same time, a sheep rancher, Robert Allison, had a huge ranch of about 4200 acres, including La Mesa as well as the Lemon Grove district. La Mesa was known as Allison Springs and the entire holding was called the Allison Springs District. In 1869 Frank Allison, the son of Robert, drove a heard of 3500 sheep from San Francisco to his father's ranch. This was a slow, hard trip. Everything was hard in those days.

The Indians at the Guatay village, two miles away, raised cattle.

We can well imagine something of the picture during this period—camp fires, old songs, sheep dogs, Indian ponies, lost stock, even fights (as all western legends tell us) between the owners of the cattle and sheep, for, as the Indians are known to have been near here before 1880, it is easy to assume that they were here during the period of sheep raising, as there is only a ten year period between the points of history.

Up to and including this period of sheep raising by the Allisons, the only water was supplied by wells. Mr. Mason told me that there was a large well on the Old Bancroft place (Mr. Mason's feed store is on a part of the Bancroft ranch). Then there were other wells, and those who had no well, hauled the water in barrels from the wells to their homes.

However, in 1886, the Cuyamaca dam was built. A diverting dam on the San Diego river was built in 1887 and a wooden flume line built to Grossmont, where a small diversion dam, the Eucalyptus Reservoir, was constructed. Then a pipe line and ditch was constructed to carry water from Eucalyptus dam by gravity. This water changed the history of the district.

It wasn't long before many lemon groves were planted. The sheep and cattle were a thing of the past, the settlers were earning money to pay their bills by raising strawberries between the rows of young lemon and orange trees. So many lemon groves sprung up that the place was named Lemon Grove.

Soon it was discovered that avocados would do well here. Then winter vegetables were a success. Yes, the history of Lemon Grove is the story of the brown Mother Earth: the blossoming under sun and water.

But Mrs. White, the elderly doctor's wife, told me that it wasn't all sunshine and roses. She said that sometimes there was a scarcity of water, and then they would have to stop watering the orchards, and it would be so dry that the leaves would fall from the trees and the lemons wouldn't amount to much. She shook her head and told me that those were hard days in Lemon Grove.

And those people, the early settlers, labored that we might enjoy the beauty that is our Lemon Grove of today!

To Be Continued

Lemon Grove Masonic Lodge To Be Instituted This Month

Bill Rife

Lemon Grove will have its own Masonic Lodge in the immediate future, William Rife, proposed grand master of the new lodge, reported this week.

Dispensation has been granted by the Grand Master of Masons in California, he said. The lodge will be instituted on Saturday, May 15, at 7:30 at the Masonic Temple, 350 Cedar St. in San Diego.

The local Masonic group has been operating as a club since 1950 and has built a membership of approximately 250, Rife said. The club has been meeting at the Leewood Trailer Court in Lemon Grove. After the lodge is instituted regular Monday and Wednesday meetings will be held at the meeting hall at 8263 La Mesa Blvd. in La Mesa. Plans for a temple in Lemon Grove are still in the formative state, Rife said.

In the new lodge in addition to Grand Master Rife, Tom Parsons will be the senior warden, John Dail, the junior warden, and John Gregory, secretary.

Paul Tilton will be treasurer and Henry Jensen, senior deacon, William Ross, junior deacon, and James Hopkins will be marshall.

Rev. Dan Apra is chaplain, Guy Carmichael will be senior steward and Lionel Thorogood will be junior steward.

All Master Masons are invited to attend the May 15 ceremony, Rife said.

UTT BUSY FOR UTT, SAYS UTT

The political picture cleared up just a little this week when Congressman James Utt, representing this district, announced that he was not supporting any candidate for office, either on a state or federal level.

"I am too wound up in my own campaign to endorse anyone," Congressman Utt said.

Congressman Utt was in Lemon Grove recently at the request of the Lemon Grove Lions. He made a non-political speech.

Now It's Sergeant Rigley

When you say that, podner, salute.

It's because Sheriff's officer, Willard A. Rigley, was promoted to sergeant this week. Sergeant Rigley has been on the force for 12 years and on the promotion list for one year. He has served in Lemon Grove since the Homelands Judicial Court was established in 1948. He will perform the same duties in the area at least temporarily, he thinks.

Rigley resides at 7047 Central Ave. in Lemon Grove.

MILE LONG PARADE TO KICK OFF FIRST SWIMMING POOL CARNIVAL

Youngsters and grown-ups alike are working feverishly with their eyes on the May 14-15 date when the curtain rises on a two day carnival at the Jr. High School grounds, which should put several thousand dollars into a swimming pool fund.

Thousands of dime scrip tickets, to be used instead of cash at the carnival, are being distributed thru school kids and adults of clubs and organizations of the community. This is not to say that cash will not be accepted at the carnival, because it will,

BULLETIN! ! !

Television station KFMB-TV advised the REVIEW this week that television news coverage would be given the Swimming Pool Carnival and it's parade Friday evening.

Television cameras will start grinding at 7 o'clock officials of KFMB-TV said.

but it is hoped that all of the 50,000 tickets in the hands of the sales people, which includes practically everyone in Lemon Grove, will be sold.

The event will be kicked off with a huge parade starting at 7 p.m. on Friday following Broadway down to Imperial over Imperial to Golden and thence to the Junior High School grounds.

A poster contest was held in the schools and these posters are presently being distributed about the community to advertise the carnival. Judges are Jerry Walter, Dr. Cal Nicholl and Mrs. Jack Sanders.

The booths which will house games, merchandise and goodies will be manned by various organizations. There will be plenty of games and food for all and in addition there will be airplane rides, fire truck and hayrides for the kiddies as well as cotton candy, snow cones, ice cream and the like. A spaghetti dinner will be served on Saturday only by the ladies of the cafetorium. Hot and cold sandwiches, soft drinks and coffee will be served both Friday and Saturday.

Mile Long Parade

The parade will have a Shrine band from the Al Bahr Temple and the Temple color guard. No word has been received from Gov. Knight that he would not be present so it is assumed that he will be Grand Marshall. Additional bands include the Marine Corps, Ozzie's Band, Grossmont, Helix, Lemon Grove Junior High Bands, also baton and pom-pom girls and the Highlanders.

According to Mrs. Bert Cosby, ways and means committee chairman, booths for practically every thing imaginable have been arranged for. Some of the booths will house spill the milk, dart balloons, sling shot, dish throw, rummage, bow and arrow, ping-pong game, fish pond, bean bag, horse shoes, bell toss, cat game, sponge game, add-a-light ball game, horse race, hammer and nails, hoop game, cork rifle and many others.

Booths will also house hot dog and hamburger stands, beans and coffee and many others.

Mrs. Carl Piepenbrink, in charge of entertainment, said that the parade may run as long as a mile which is twice as long as the fondest expectation when the committee first met to discuss the arrangements. It is she who was successful in obtaining so many units for the parade. In addition to the bands and marching groups already mentioned, Mrs. Piepenbrink said the Evelyn Lee baton twirlers, fire engines, Girl Scouts, Boy Scouts, Campfire Girls, contestants for the Queen's contest in addition to several other groups have already asked for positions in the parade.

The swimming pool committee is headed up by Tom Warburton, vice-principal of Helix High School, and Chan Mason, co-chairman with Warburton.

Leaders point out that there will be no admission fee to the carnival, that the scrip tickets are exchangeable for food or rides or entertainment devices and games.

A run down of organizations and individuals representing them and the committees they head are as follows: Construction, Lions club, Forrest Baxter; Equipment, Kiwanis, Chan Mason; Supplies, Chamber of Commerce, Mrs. H. I. Vernier; Publicity, Business Women's League, Dorothy Louer; Finance, Kiwani-Annes, Mrs. Tom Warburton; Food, Lionesses, Mrs. Robert Von Willer; Student Co-ordinator, Mr. Robert Sutton; Entertainment, Woman's Club Juniors, Arva Piepenbrink; Booths, five P.T.A groups, Mrs. Cosby.

3,500 to Take Part In Maytime Review

The Seventh Annual Maytime Band Review, the largest annual musical review in California, will be held Saturday at 1:30 p.m. in National City. More than 3500 participants, many of whom are from Lemon Grove, will take part.

Winners Named In Masonic Essay Contest

Winners of the Masonic Club Essay Contest, held during Public Schools Week, have been announced.

Judy Koopmans, 8284 Golden, was elementary school winner. Zena Dail, 3240 Olive St., was junior high winner. This is the third time in a row Zena has won. Barbie Brinkman, 7330 Mohawk, La Mesa, Helix High student, was winner in the high school section. The prizes, which are U. S. Defense Bonds, will be given at a Masonic Club dinner, May 14, in Friendship Hall.

The judges said that the contest was more spirited than in years past and that emphasis was placed on patriotism. The subject of the essays was "The Public School—An American Heritage."

Judges were Channing P. Mason, Bert A. Betts and Robert Brown, board member of the Lemon Grove Elementary School Trustees.

TRINITY PRESBYTERIAN SCOUTS TURN CLOCKS WRONG

Rev. Dean Collins, minister to migrants for the National Council of churches for the eleven western states, will be speaker next Sunday morning at Trinity Presbyterian Church.

Twenty-one boys of Troop 171 went on a hike last Saturday. They packed in two miles from Alpine, under the supervision of Bill Cleveland and Chuck Pike. They discovered the "ole swimmin hole," in the afternoon and had an all together wonderful time, besides working on their advancements. They set their watches the wrong way, on going to bed, so were a little late getting home. (Spose they did it on purpose?)

Women's Auxiliary Makes $2,500.00 For Hospital

Exclusive to Lemon Grove Review—the "Country Fair," given by the Women's Auxiliary of the Grossmont Hospital last Saturday, netted a whopping $2,500.00, or more, earmarked for landscaping the new hospital grounds.

Grossmont High School Auditorium, the scene of the Fair, was gay with colorful handiwork, merchandise, booth decorations, and costumes. Snappy entertainment numbers, including our own "Helix Highlanders," featuring a Highland Fling by Michael Robinson, added to the gaiety. Monte Hall, Larry Shields, and Bob Harness (new La Mesa City Councilman) acted as Masters of Ceremonies. Lemon Grove participated in several ways. Our merchants donated sale merchandise and prizes; Lemon Grove area Auxiliary members manned booths; and two Lemon Grove couples walked off with prizes: the Andy Bensons and the John Landescos.

Spurred by the success of this venture, and given added incentive by the recent ground-breaking for the new hospital, the local Auxiliary members held a meeting May 4, at the home of Mrs. Herbert S. Haag, 3254 Harris st., newly-made second member for Lemon Grove on the Auxiliary's Board.

Membership in the Auxiliary is open to all women who are interested in the Grossmont Hospital. Various types of memberships are available. Further information may be obtained by calling Mrs. F. A. Myers, area Membership Chairman, HO 6 5105.

Old Lace' Opens Friday

"Arsenic and Old Lace," Heartland Players' production of the famous Broadway comedy, opens Friday night at the Lemon Grove Woman's Club.

It will also be presented May 8, 14 and 15. Tickets will be on sale at the door.

Girl Scouts Want Items For Carnival

Articles are being collected and made by girls in all the troops for the Fish Pond Booth, for the Swimming Pool Carnival. Because we felt we would need many more articles than ever before, we have asked the assistance of the Cub Scouts of pack 8, and the Girl Scouts in Spring Valley, Monterey Heights, and Vista La Mesa. Quoted Mrs. I. L. Johnston, chairman for the Fish Pond booth, "anyone having articles such as jewelry, toys, books, games, puzzles, knick-knacks, etc." are asked to call Mrs. Johnston, HO 6 8517.

Girls of these neighborhhoods have also been invited to take part in the parade.

The Dixon LINE

By Friend Dixon

As repulsive as it seems, don't facetiously order a cockroach cocktail at the downtown San Diego bars—you may get one.

Recently the Health Department hailed into court a San Diego night-spot operator for having on hand 19 bottles of liquor in which bugs had been permitted to take a bath.

Tipplers theoretically may have either a roachattan or a roachtini, one of our friends pointed out.

—DL—

In the event that Chan Mason goes fishing he will have to pack something along a little weightier than the Mason Line. Most of our piscatorial addicts (and we do not include the yellowtail crowd) take along about $250.00 worth of equipment and return with twenty-five cents worth of fish, a sunburned nose and a fund of explanations about the big ones that got away. We hope Chan gets what he goes after—and we do enjoy trout.

—DL—

We hear that a movement is underway to promote textile factories in the San Diego area. We need new industries. With the heavy shipment of cotton over the San Diego waterfront it looks like the promotion might possibly be a good deal. The textile industry carries no banner for paying high wages but it may offer another source of employment that may benefit the county.

—DL—

We shall be happier when the politicians learn to live within OUR INCOME.

—DL—

We looked over the exhibit of the Business and Professional Men's Art Group in Balboa Park and found it far less attractive than other showings we have seen of this group. A tendency towards abstractions or distractions does not help out. However, the most satisfying landscape was the work of a Lemon Grove business man, Ken Rister, and we should not overlook mentioning a well handled portrait by Alvin Van Camp.

—DL—

The head of a Dutch concern manufacturing linoleum not too long ago sent five of his employees over here to work for three months in the Pennsylvania plant of a similar operation to get a few pointers. Their reaction to our way of life was not altogether good. They were disturbed by the fact that so many wives work, and one stated that the American with his automobile was not any happier than a Dutchman with his bicycle. Not being a Dutchman we doubt that one could spend even one enchanted evening on the back seat of a bicycle in any of our drive-in theatres.

—DL—

The teacher in Sunday School was relating the story of the Good Samaritan and told of the man going from Jerusalem to Jericho who fell among thieves and was robbed, beaten and stabbed. She asked little Mary what she would do if she came along about that time and saw the man all bloody and bruised. Little Mary said "Teacher, I'd frow up."

—**—

Lemon Grove is nearing an entity. We have good doctors, we are in a good hospital district, we have good schools, and we have good climate, that means that theoretically it is possible to be born, raised and live to ripe maturity in Lemon Grove.

Another step along the line has been taken by the announcement that a mortuary will soon open along our main stem. Lacking only a cemetery we will have completed the entire cycle.

GROVE JUNIORS TO PICNIC AT FLYNN SPRINGS

Sunday, May 9 is the date set for the Lemon Grove Woman's Club Juniors annual picnic where members, their husbands and kiddies will meet at Flynn Springs County Park for a full day of fun, food and festivities.

Mrs. Lee Nottingham is in charge of arrangements. Assisting her are Mrs. Philip Titmas, in charge of games for the children, and Mrs. Ralph Kraft planning the adult contests. Even a guest square dance caller, Clarence Montgomery, will be on hand for those not too exhausted from other strenuous activities.

Since the picnic falls on Mothers' Day, mothers, and dads too, are invited.

WEDNESDAY MEETING FOR O.E.S.

San Miguel Chapter No. 579 O.E.S. will meet Wednesday, May 12 at 8 p.m. in Friendship Hall.

Chapter's birthday stations will be filled by past officers. Mrs. James Yeo, assisted by Mrs. P. H. Braley, will be after chapter party chairman.

Heartland Players

By BOB TURNBULL

As I promised in last week's REVIEW I was to give you a general description of our characters and set in our next play titled "Arsenic and Old Lace" to be given in the L. G. Woman's Clubhouse May 7, 8, 14 and 15. Curtain time at 8:30 p.m.

Description of our et ceteras: The entire action of the play takes place in the living room of the Brewster home in Brooklyn. Time: a few years back. The month: September. The set is as Victorian as the two old ladies in the play are. Since our stage isn't as large as a regular size theater stage we have made up for our loss in length and again are using our forestage to add depth. A sort of 3-D effect. (No glasses needed though.)

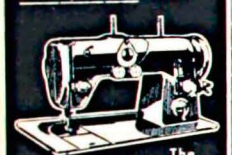

Description of characters: Abby Brewster, Esther Jessen; Abby is one of the two old ladies, she is made of sterner stuff. The Rev. Dr. Harper, Alex Trelease; Dr. Harper is the neighboring divine. Teddy Brewster, Bob Turnbull; Teddy is the nephew of the aunts who is a harmless lunatic and acts throughout the play as Teddy Roosevelt. Officer Brophy, Lew Jones; a cop. Officer Klein, David Dixon; another cop. Martha Brewster, Emily Jordan; the second and the timid of the two aunts. Elaine Harper, Ruth Bracking; the female love interest. Mortimer Brewster, Travis Keeton; a drama critic. Mr. Gibbs, Don Carl; a prospective roomer. Jonathan Brewster, Tom Bracking; a maniac, Teddy & Mortimer's unwelcomed beast of a brother. Dr. Einstein, Bill Johnson; a drunken surgeon. Officer O'Hara, Art Cornelius; a dreaming cop who has visions of being another Micky Spillane. Lieutenant Rooney, Don Carl; a tough detective. Mr. Witherspoon, Sam Baxter; the Superintendent of the local sanitarium.

(Next week—Our marvelous production staff.)

Poet's Corner

A LATE SPRING

The mist lifts from the hills,
The sun's rays pierce thru—
Gossamer clouds of rainbow hue,
And a spring morn is born.

Birds soar, float and glide in
sheer ecstacy—
For it is dawn—morning
coming soon—
And this is fantasy. A dream of
spring.

Instead the dew drops fall
Sink into the parched and
thankful earth—
Their faces lift, and all the colors
blend—
And birds their songs do sing
To a belated spring.

ST. ANDREWS RUMMAGE SALE DATES SET

"Everything from soup plates to nut crackers," according to Mrs. Lester L. Louis, 4319 Date Ave., will be placed on sale in a giant rummage sale planned by the St. Andrew's Episcopal Church, May 13-15 in the Old La Mesa Theatre. Mrs. Louis is one of the chairmen of the event. She says "The reason we say soup plates to nut crackers is because the sale will not include anything edible."

Among the many fine articles to be sold will be pictures, ornaments, toys, china, furniture, wearing apparel, and many items which still retain their usefulness and beauty.

Proceeds of the sale will go to St. Andrew's Church. The sale will open at 9:00 a.m. and close at 5:00 p.m.

Mrs. Carl T. Chinlund is co-chairman of the event with Mrs. Louis. Others working on the affair will include: Mrs. B. G. Hossie, Mrs. Jack H. Dodson, and Mrs. Ann W. Taylor.

LOCAL GIRLS ENTER 'FAIREST' CONTEST

First local entries in the Fairest of the Fair queen preliminaries have been received, Mrs. Carl Piepenbrink Jr., chairman, said. Selection of two girls to represent Lemon Grove and Spring Valley is one of the many attractions scheduled during the two day carnival May 14-15 at the junior high school field to raise funds for a swimming pool.

The winners here will be in the finals at Del Mar June 5. From this group, the Fairest of the Fair will be selected. She will reign during the Southern California Exposition and County Fair, June 25 through July 5. In addition to a cash award of $150, the queen and her mother will be guests of Hotel Del Mar during the Exposition. In August, the Fairest of the Fair will represent this county in the Maid of California beauty pageant at the State Fair in Sacramento.

Additional entries are sought, Mrs. Piepenbrink said. Girls, between the ages of 16 through 19, who are single are invited to participate. Judging will be on beauty, personality, charm and poise. All contestants will receive a make-up accessory from Lip-Mate of Hollywood. Mrs. Piepenbrink can be reached at HO 6-2489.

VFW Auxiliary To Meet Tuesday

V.F.W. Post and Auxiliary of Lemon Grove No. 2082 will hold a regular meeting Tuesday at 8 p.m. in the Legion Hall.

RECEPTION BY BROWNS GIVEN FOR EVERETT

David B. Everett, candidate for the non-partisan office of State Superintendent of Public Instruction was house guest of Dr. and Mrs. Charles William Brown, 2211 Massachusetts Ave., Tuesday. Nearly two hundred guests attended to meet the 39 year old aspirant for the position which he claims is now held by a leader of the "progressive" bureaucracy.

Everett was assistant Adjutant General and Personnel Officer of the 24th Infantry Division during the war. He received his B.A. at U.C.L.A. and his Masters in Public Administration at U.S.C.

Everett believes that a "better education" can be provided while "drastically reducing" the exorbitant tax burden. He believes that children should be taught the "fundamentals" with which to cope with the realities of life. Competition and free enterprise, he says, are important segments of the American way of life. He says he does not believe in extending "academic freedom" to cover indoctrination of our youth in any ideology foreign to American traditions, or to excuse any whose loyalty to the U.S.A. is not openly and freely given.

Mr. Everett spoke at the Central Republican Women's meeting at noon Tuesday at the San Diego Hotel and also appeared on Harold Keen's program via channel 8.

"Many of us didn't need outside help in being made fools of, last April. We have attended to the matter ourselves long ago," says Ted Mangano, East L. G. Furniture tycoon.

Garden Tour to Aid Grossmont Hospital Landscaping

Grossmont Ladies Hospital Auxiliary will conduct a county garden tour, Saturday and Sunday, May 15 and 16, between 11 and 5 p.m. for the Grossmont Hospital Landscaping Fund, it was announced this week by Mrs. Wm. Robisch.

The tour will start at Collier Park at Palm and Pasadena Sts. in La Mesa and will wind thru the pleasant homes and spacious gardens of Lemon Grove-Mt. Helix area, Fletcher Hills, El Cajon and La Mesa. A fee of $1.25 will be charged and the choice of any eight gardens will be permitted. Transportation to the homes and gardens will be available only by request in advance. Mrs. Frank Rietz is in charge of ticket sales and may be reached at HO 6-0989. Tickets may also be purchased from the Chamber of Commerce in La Mesa and all nurseries within the tour area.

"Adam and Fallen Man" Christian Science Text

"As by one man's disobedience many were made sinners, so by the obedience of one shall many be made righteous." This declaration of Paul to the Romans (5: 19) is the Golden Text of the Christian Science services Sunday.

The Lesson-Sermon entitled "Adam and Fallen Man" points out that as a child of God man is free from the bondage of false material laws. Jesus proved this freedom when he said to the palsied man, "Son, be of good cheer; thy sins be forgiven thee." "But that ye may know that the Son of man hath power on earth to forgive sins," he commanded, "Arise, take up thy bed, and go unto thine house. And he arose, and departed to his house." (Matt. 9:2, 6, 7).

Throwin' the Bull . . . I've heard many people state that the teen-agers of today are going to the dogs. Before I continue on with this week's editorial I would like to quote a saying from a one Mr. Socrates, big shot of many years back in Greece, when he also said that "the young people of today are uncontrollable and will soon go to the dogs." That was said over two thousand years ago and as far as my young eyes can see the young'uns of this day and age are still out of the doghouse and remain human.

But to all those who think the youth of today is rotten, don't forget of the dark future that lies in front of them. The teeners of today have to be much more gallant in these strange times. The burden of preserving our civilization is very heavy on their young shoulders. Many young men have already been in two wars in order to keep our tattered earth fit for free men and women to walk in peace. These same young men, some not even 25 yet, must still stand guard against the menace of a troubled future.

Their life is a slim mixture of love and affection, snatched quickly in the seconds of questionable peace for the world. Pity the young wives and sweethearts who love them and must live and make their homes in the crowded suburbs of camps—a poor imitation of a little white cottage! Sometimes it is even a little harder for the young women to bear. They must bring love, romance, aid and comfort to their men and sometimes in the end wind up struggling to hold back that tear as they watch their men go off to face almost certain horrors in some battle scarred land.

So when you see some young soldier tearing the place up during his leave, don't hate him—don't pity him—don't laugh at him—instead, sympathize with him. The future is mighty bleak at that stage of his life. Above all, **pray for peace!** Thank you!

Asters Alluring For Garden or Bouquets

Good news Greenthumbers!! Aster planting time is with us once more and the sooner planted the better. Cut flowers or garden beauty—asters are a wonderful addition to any Lemon Grove garden.

The early varieties, such as Royal or Powderpuff, will give quick color that continues on for a couple of months. Later varieties—such as the American Beauty, Crego, or California Giants—are slower to flower but are

ASTER

much showier and also are excellent for cutting. The dwarf Pompoms, the single Chinese Rainbow and Sunshine types and the crested Princess type all possess charm of their own and lend variety and interest to the aster family.

Asters are subject to wilt and yellows and should be planted in clean soil. For safety's sake sterilize the planting area with quantities of boiling water or with one of the readily available chemical fumigation kits to be found at your local nursery. Spraying with an insecticide containing DDT to control leaf hoppers is a must, as these insects transmit the yellows disease for which there is no cure. Commercial bedding plant growers in California use wilt resistant strains of asters; so that the above precautions should mean a sure crop of beautiful bloom from your nursery transplants.

Asters spread their roots shallow, and should be mulched with straw, peat moss or steer manure or some similar humus to keep roots cool. This effort will be repaid with better plants, finer bloom, stronger stems and longer and heavier show of bloom.

IT'S IN THE BAG—BOY!

A bandit known as the "paper bag bandit" has hit Lemon Grove, according to Sheriff Willard Rigley.

The man, duplicating robberies that have hit at least ten other liquor establishments during the past 60 days, robbed the liquor store at 7955 Broadway of $50 cash last wek.

Ed Cavallin, clerk, said the robber threatened to kill him if he did not surrender the money. According to Sheriff's Sgt. Leland Earnest, who investigated the robbery, the man followed his usual procedure as he apparently did in other robberies. He waited until the clerk had his back turned toward the front of the store and walked in with his hand in a brown paper bag. The robber invariably states that he has a gun of a certain calibre usually .32 or .38, and demands the clerk to empty the cash drawer and also demands that the tray in the cash drawer be lifted out.

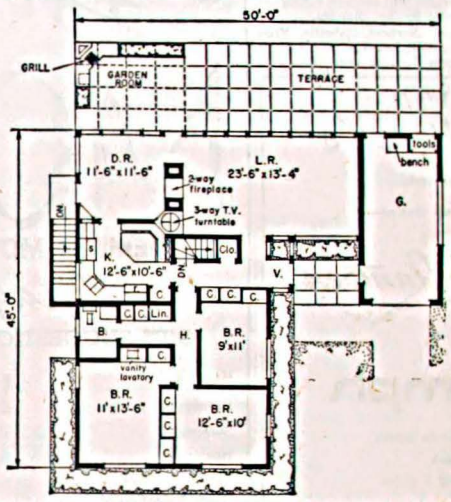

Cavallin was stooping over the beer refrigerator filling it when the bandit entered. No clues to the man's identity have been uncovered.

Lowe's Toggery Marks First Anniversary

Lowe's Toggery Shop lit a single candle on its birthday cake this week as the firm celebrated its first anniversary. Herbert and Anne Lowe, operators of the firm, asked the Review to express thanks to the local residents for the support given them during their initial period.

Lowe's had a shop on Fifth Avenue for 20 years. The firm handles ready to wear in the moderate price field.

NOTICE TO CONTRACTORS INVITING BIDS

NOTICE IS HEREBY GIVEN that the LEMON GROVE School District of San Diego County, California, acting by and through its Governing Board, hereinafter referred to as the Distict, will receive up to, but not later than 11:00 o'clock a. m. of the 13th day of May, 1954, sealed bids for the award of a contract for furnishing all labor, material, tools, expendable equipment and all utility and transportation services necessary for the installation of a Sprinkling System at the Lemon Grove Intermediate School, 7866 Lincoln Street, Lemon Grove, California Such bids shall be received in the office of the Business Manager of said District at 3202 Acacia Street, Lemon Grove, California and shall be opened and publicly read aloud at the above stated time and place.

Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans, and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of the Business Manager of said board at the above address.

Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it be awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.

The District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.

The District has determined the prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of workman needed to execute the contract, which will be awarded to the successful bidder, to be as follows:

Trade or Occupation	Per Diem Wage	Hourly Wage Rate
Plumber	$25.00	$3.125
Trenching Machine Operator	21.84	2.73
Laborer	16.40	2.05

The foregoing schedule of per diem wages is based upon a working day of eight (8) hours. The rate for legal holiday and overtime work shall be at time and one-half. The hourly wage rate prescribed hereinabove is the per diem rate divided by the aforementioned number of hours constituting a working day.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen, and mechanics employed by them in the execution of the contract.

Attention is called to the fact that a list of proposed subcontractors must be submitted with the bid.

No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

Wilbur Easton

Increased valuations and property improvements have boosted county and cities' tax collections by more than 21 million dollars in the last six years, according to Wilbur W. Easton, former Chief Deputy who has resigned to campaign for the office of Tax Collector.

Speaking before the South of Broadway Association, Easton stated that since he was appointed Chief Deputy in 1948, tax bills have increased from 185,000 to 245,000 and the collections from 26¾ million dollars to 48 million.

"We've added 575 new subdivision maps to our files and in addition," Easton said, "we are now collecting taxes for all cities in the County except Coronado.

"If your government is big enough to give you everything you want, it is big enough to take away everything you have," warns our town's jurist, Luther Hussey.

All to Win In Fish Contest Serr Says

Lest local businesspeople misunderstand the rules and regulations concerning the Lemon Grove Liars and Fishing Contest Charles Serr, one of the contest's proponents this week pointed out that any firm who wished to join in the sponsorship may do so.

"The contest is all in fun," Serr said. "While we are putting up some worthwhile prizes and the winners must have bonafide catches of fish, we are not going to be grim about the contest."

Serr said that the committee agreed that all participants would display their own prizes and that winners would be named in relation to the size fish they caught with the catcher of the biggest fish having first choice of all prizes and so on down the line. Only other qualification, he pointed out, is that liars, oops, we mean fishermen, must register BEFORE they go fishing and register the weight of their catch on the certificate supplied for the purpose.

Practically everyone who enters the contest and catches a fish will win a prize of some sort, the sponsors say.

FOR MAGIC IN COOKING-

THE TRICK IS TO GO ELECTRIC

You ask them – ask any of the millions who now cook electrically, what they like best about electricity and see how many say, "Its cleanliness."

Electricity is clean. Today's smart-looking, clean-lined electric ranges are easy-to-clean – keep your kitchen sparkling and that's not all.

Modern in design and construction, these automatic beauties make cooking easier and more pleasant than ever before. And better tasting, too – because with electricity you cook with so little water . . . all the health-giving vitamins and minerals – and the wonderful flavors of meats, fruits and vegetables are preserved for your table.

Today, bring the magical cleanliness, coolness and good cooking of a modern electric range to your home. See your dealer . . . and talk over his easy terms with him.

Remember, too, when you both cook and heat water electrically, you buy your electricity at lower rates.

Civil Defense Notes

Charles Gurley HO 6-3745

The entire 'official backbone' of the Lemon Grove Civil Defense unit turned out or otherwise showed up to make the first 'shadow' test of a great many theoretical problems with which we might be faced in any emergency according to a report issued yesterday by Dr. Frank B. Gigliotti, Zone Warden.

"We had test runs on every conceivable problem we could imagine," said Dr. Gigliotti, "from fires and looting to road clearance and first aid for some 300 children who were theoretically cared for by Mrs. James Martin at Tony Sonka's nearby ranch."

We handled a report that our water supply was contaminated making it necessary to receive an additional supply by a water-wagon which was rationed at the rate of a quart a day for each local inhabitant. We found it necessary to close a number of stores and otherwise 'show our teeth,' just to remind ourselves that in a real emergency we would have just that much authority.

The following took part and helped make this test successful: Mrs. C. W. Brown, Mrs. J. A. Martin, Mrs. Grace Jaeger, "Skip" Heidick, Charles J. Botti, Jr., Alfred T. Watson, Roy Nielsen, Harry J. Robinson, Tony Sonka, A. J. Bloom, Stephen Bollsdozy, G. M. Casnor, Bob Gallandt. After many hours the radio crew were served coffee and sandwiches by Mrs. Gigliotti.

Red Cross Column

By CHARLES GURLEY
Public Information Chairman

Mrs. B. Franklin Mills will address the May meeting of the Lemon Grove branch of the Red Cross to be held next Tuesday morning at ten o'clock at the Woman's Club house, according to an announcement made by Mrs. G. H. Roberts, chairman of that group.

Mrs. Mills is chairman of the Service Groups Committee, one of the highest importance in the entire field of volunteer work and her message to us will outline many activities in which we have a kindred interest.

We urge you to make a note of May 11 at 10:00 for this meeting at the Woman's Club in Lemon Grove so that you will remember to be present and hear Mrs. Mills.

BIG ACE
GIVES S. & H. GREEN STAMPS

Shows how shopping Can be LESS EXPENSIVE - and Fun!

Recently, the Lemon Grove newspaper conducted a survey of five of greater San Diego's markets. The unbiased and independent study made of 36 identical items proved what thousands of shoppers throughout the county already knew . . . Big Ace prices are competitive! In the above picture, Mrs. Mary Curl, employee of the Lemon Grove Review, is shown having each of the market tapes checked for accuracy by Bert Betts, C.P.A.

The newspaper plans more of such studies on a local level with a church group conducting the study, and with needy families as recipients of the food purchased in the study.

Excitement and drama are regular parts of displays at Big Ace. Here Dick Penneman, assistant manager of the market, is shown putting together a promotion of Ritz products. With such displays are lower-than-usual prices. In addition, as with every purchase, S•H Green Stamps are given.

"Big Ace has so many things other markets do not stock that it is a pleasure to shop here," says Mrs. Craig Edwards, above.

Mrs. Edwards, who with her husband, lives at 8640 Larson Way in La Mesa has no children but they tote up a fairly long grocery list each week, and naturally, that list is filled at Big Ace.

"Price is always important but not the main thing with most women," Mrs. Edwards pointed out. "There's quality and variety. No home-maker fails to take the latter two items into consideration. If that isn't enough, there's S•H Green Stamps for my coupon books," she added.

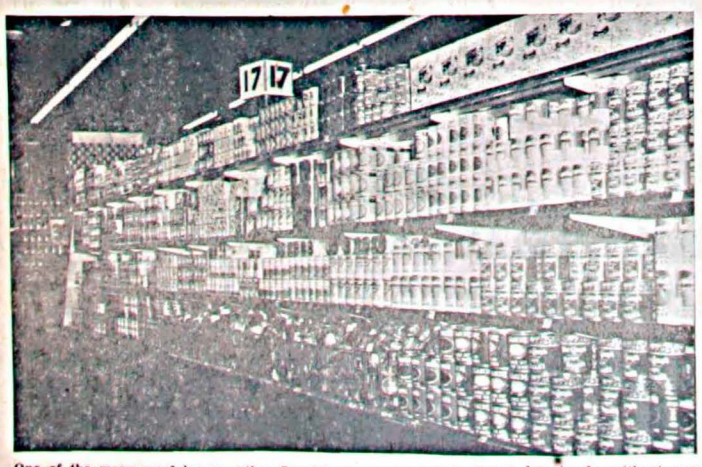

Piece-meal shopping is a thing of the past for families in the Lemon Grove area.

Everyone likes one-stop shopping, especially if the price and variety are right. That's exactly what Big Ace offers in its Lemon Grove market.

We've got the biggest market in the county—and we offer for your convenience the biggest selection of any market. We refuse to be undersold and we back up every one of your purchases with a money-back guarantee.

These are some, but not all, of the reasons for Big Ace popularity.

Then, always, there are S and H Green Stamps with every purchase.

One of the many gondolas on which thousands of items are displayed. These gondolas contain more individual items than any other San Diego area market. In spite of the enormity of display space, these shelves are kept completely filled at all times. No customer has to do without anything. Adequate stocks are always carried . . . and adequate S•H Green Stamps are distributed to match the merchandise.
